# COMPANY OVERVIEW

- ⦿ We are taking this opportunity to introduce ourselves with the sincere hope that enables us to establish a business relationship with your company.
- ⦿ **CANYON TECHNOLOGY SDN BHD** (formerly known as **HOWSEN engineering Sdn Bhd**) has a 11 years tradition of supplying precision tooling spares fabrication, timing pulley and general engineering services.  
We also provide jig & Fixtures design and fabrication to a wide range of customer requirements.
- ⦿ We have in house facility of Milling, Turning, CNC Milling, CNC Turning, CNC Wirecut, Turn Mill, Sand blast, Welding & Grinding.
- ⦿ With the support from our valued customers, we have grown strongly for the last few years and have successfully maintained and improve our technical capabilities as well as application knowledge. This is made possible through consistent staff training and interaction with customers.
- ⦿ Under new management, **CANYON Technology Sdn Bhd** has worked hard to achieve ISO9001-2015 certification as part of the continuous improvement of our business processes, furthering our customer satisfaction and reduction of waste material.

## CORPORATE OBJECTIVES

Increase company annual revenue by 50% year over year

Invest higher precision CNC Milling, CNC Lathe and Wire cut machine.

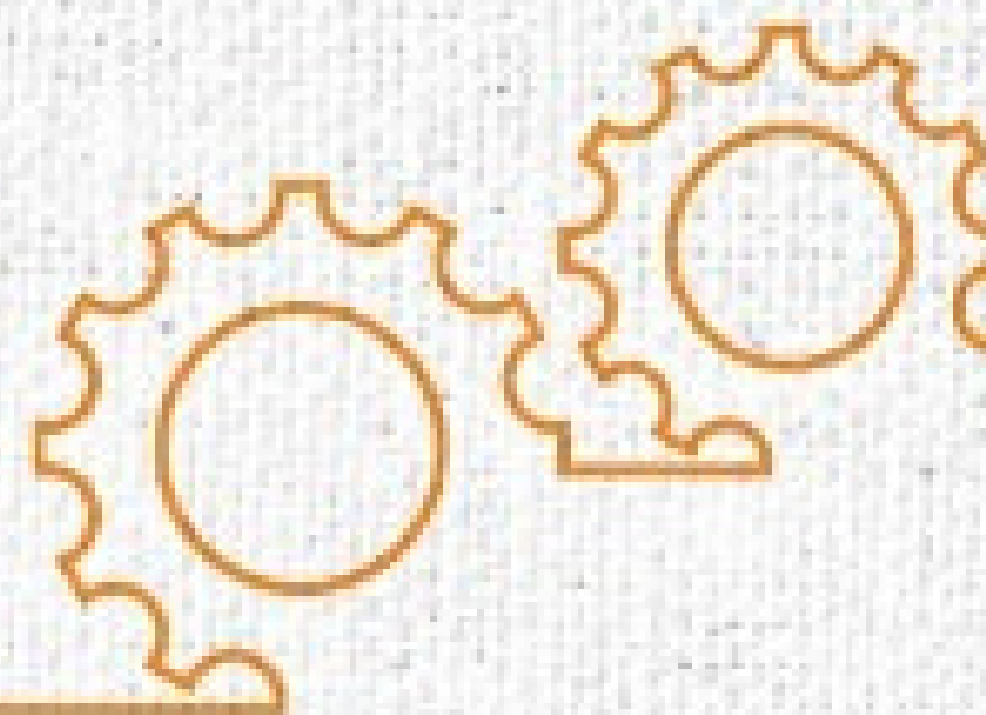

To increase 50% of production capacity

All workers continuous trained to qualify as full skill machinist

ESTABLISHED

# Since—2003 MILESTONES

## KEY MOUNTAIN

- Invest One New Turn and Mill with Y-axis CNC Machine on AUG 2010
- Invest One New Axlam Too Measuring Machine on FEB 2014
- Invest One HWACHEON CNC Lathe on FEB 2015
- Invest One used "Hartford" Vertical Machining Center on MAY 2015
- Invest One unit UGINT Tapping Machine on MAY 2017

# VISION

A Reputable Engineering Partner

# MISSION

Creating Better Value with QUALITY & SPEED

# Core Values

- Caring, Loving & Happy Environment
- Teamwork with Trust & Respect
- Commitment to be Responsible & Productive
- Opportunity for Learning & Growth

# QUALITY POLICY

Integrity

Safety

On-time  
Delivery

Customer  
First

Optimal Quality  
Management

## SERVICES

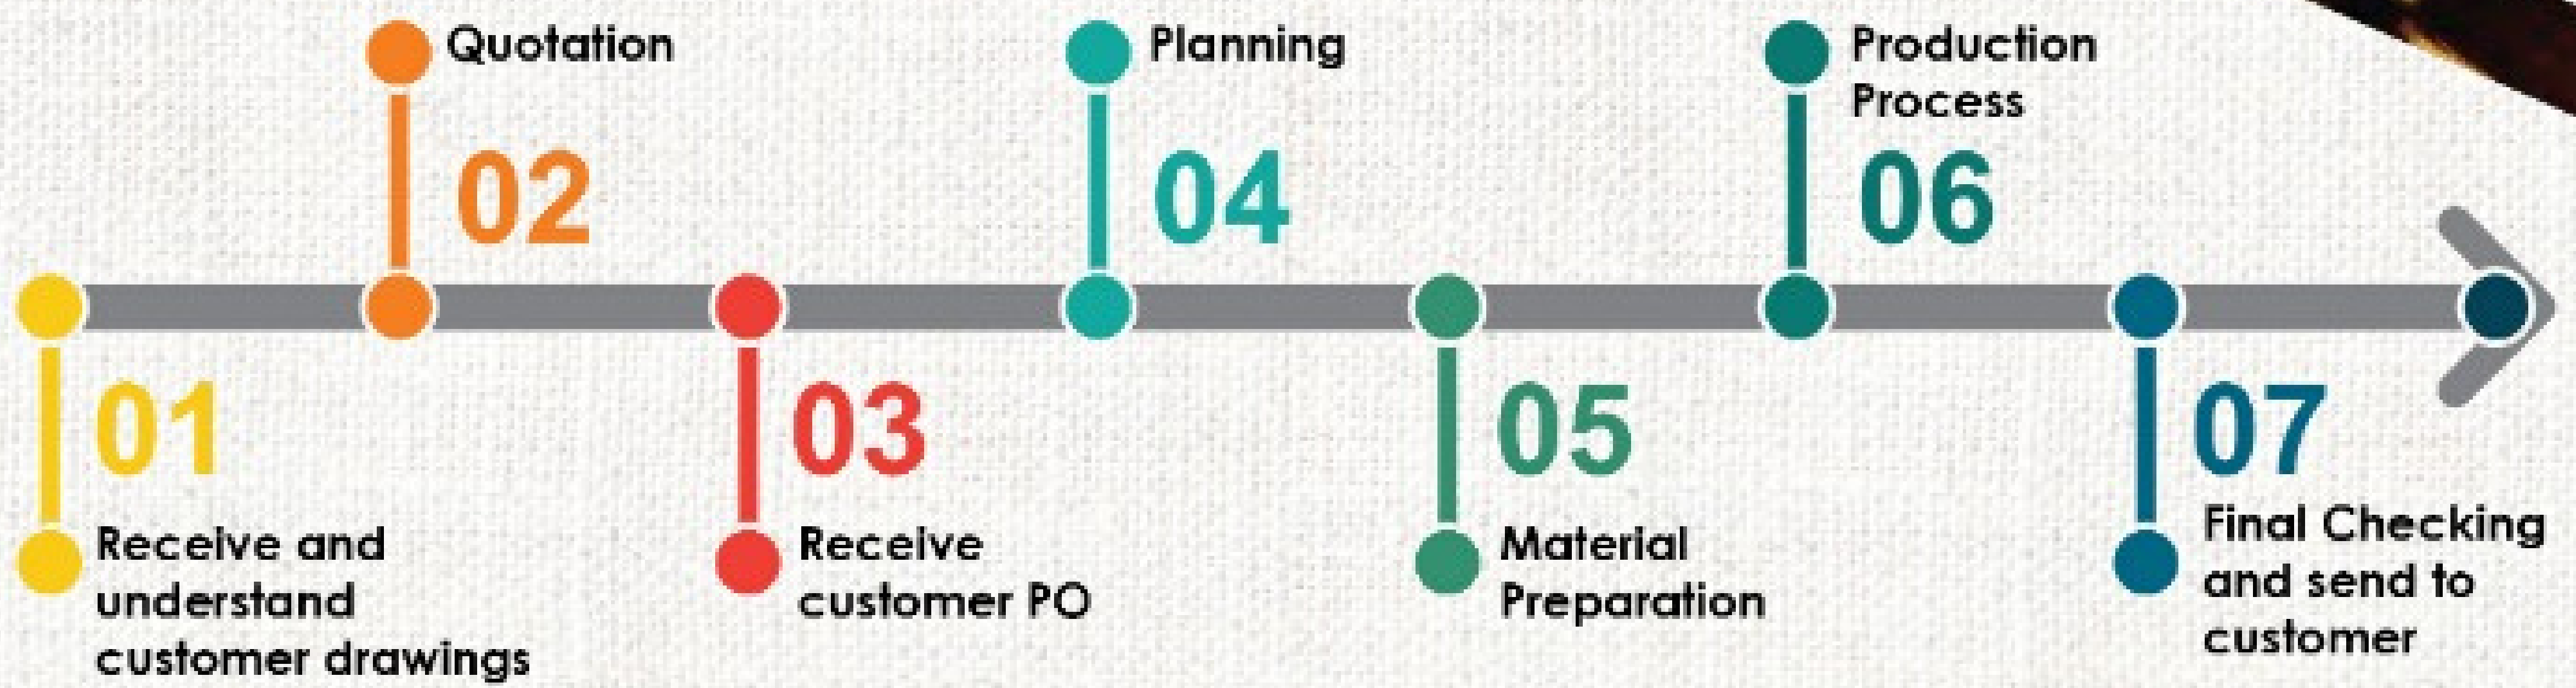

Service is our top priority when it comes to customer satisfaction. That means providing the total reliability of first class CNC machining and then backing it up with exceptional customer support from first enquiry to final delivery.

At CANYON TECHNOLOGY SDN BHD, we specialize in CNC Turning and CNC Milling with a level of engineering excellence that will satisfy the most demanding requirements. Our engineering capabilities are also supported by a fully accredited ISO:9001 Quality Assurance system, along with unique Project Management support that provides an outstanding level of reassurance and confidence whilst removing so much of the responsibility, worry and workload from our customers.

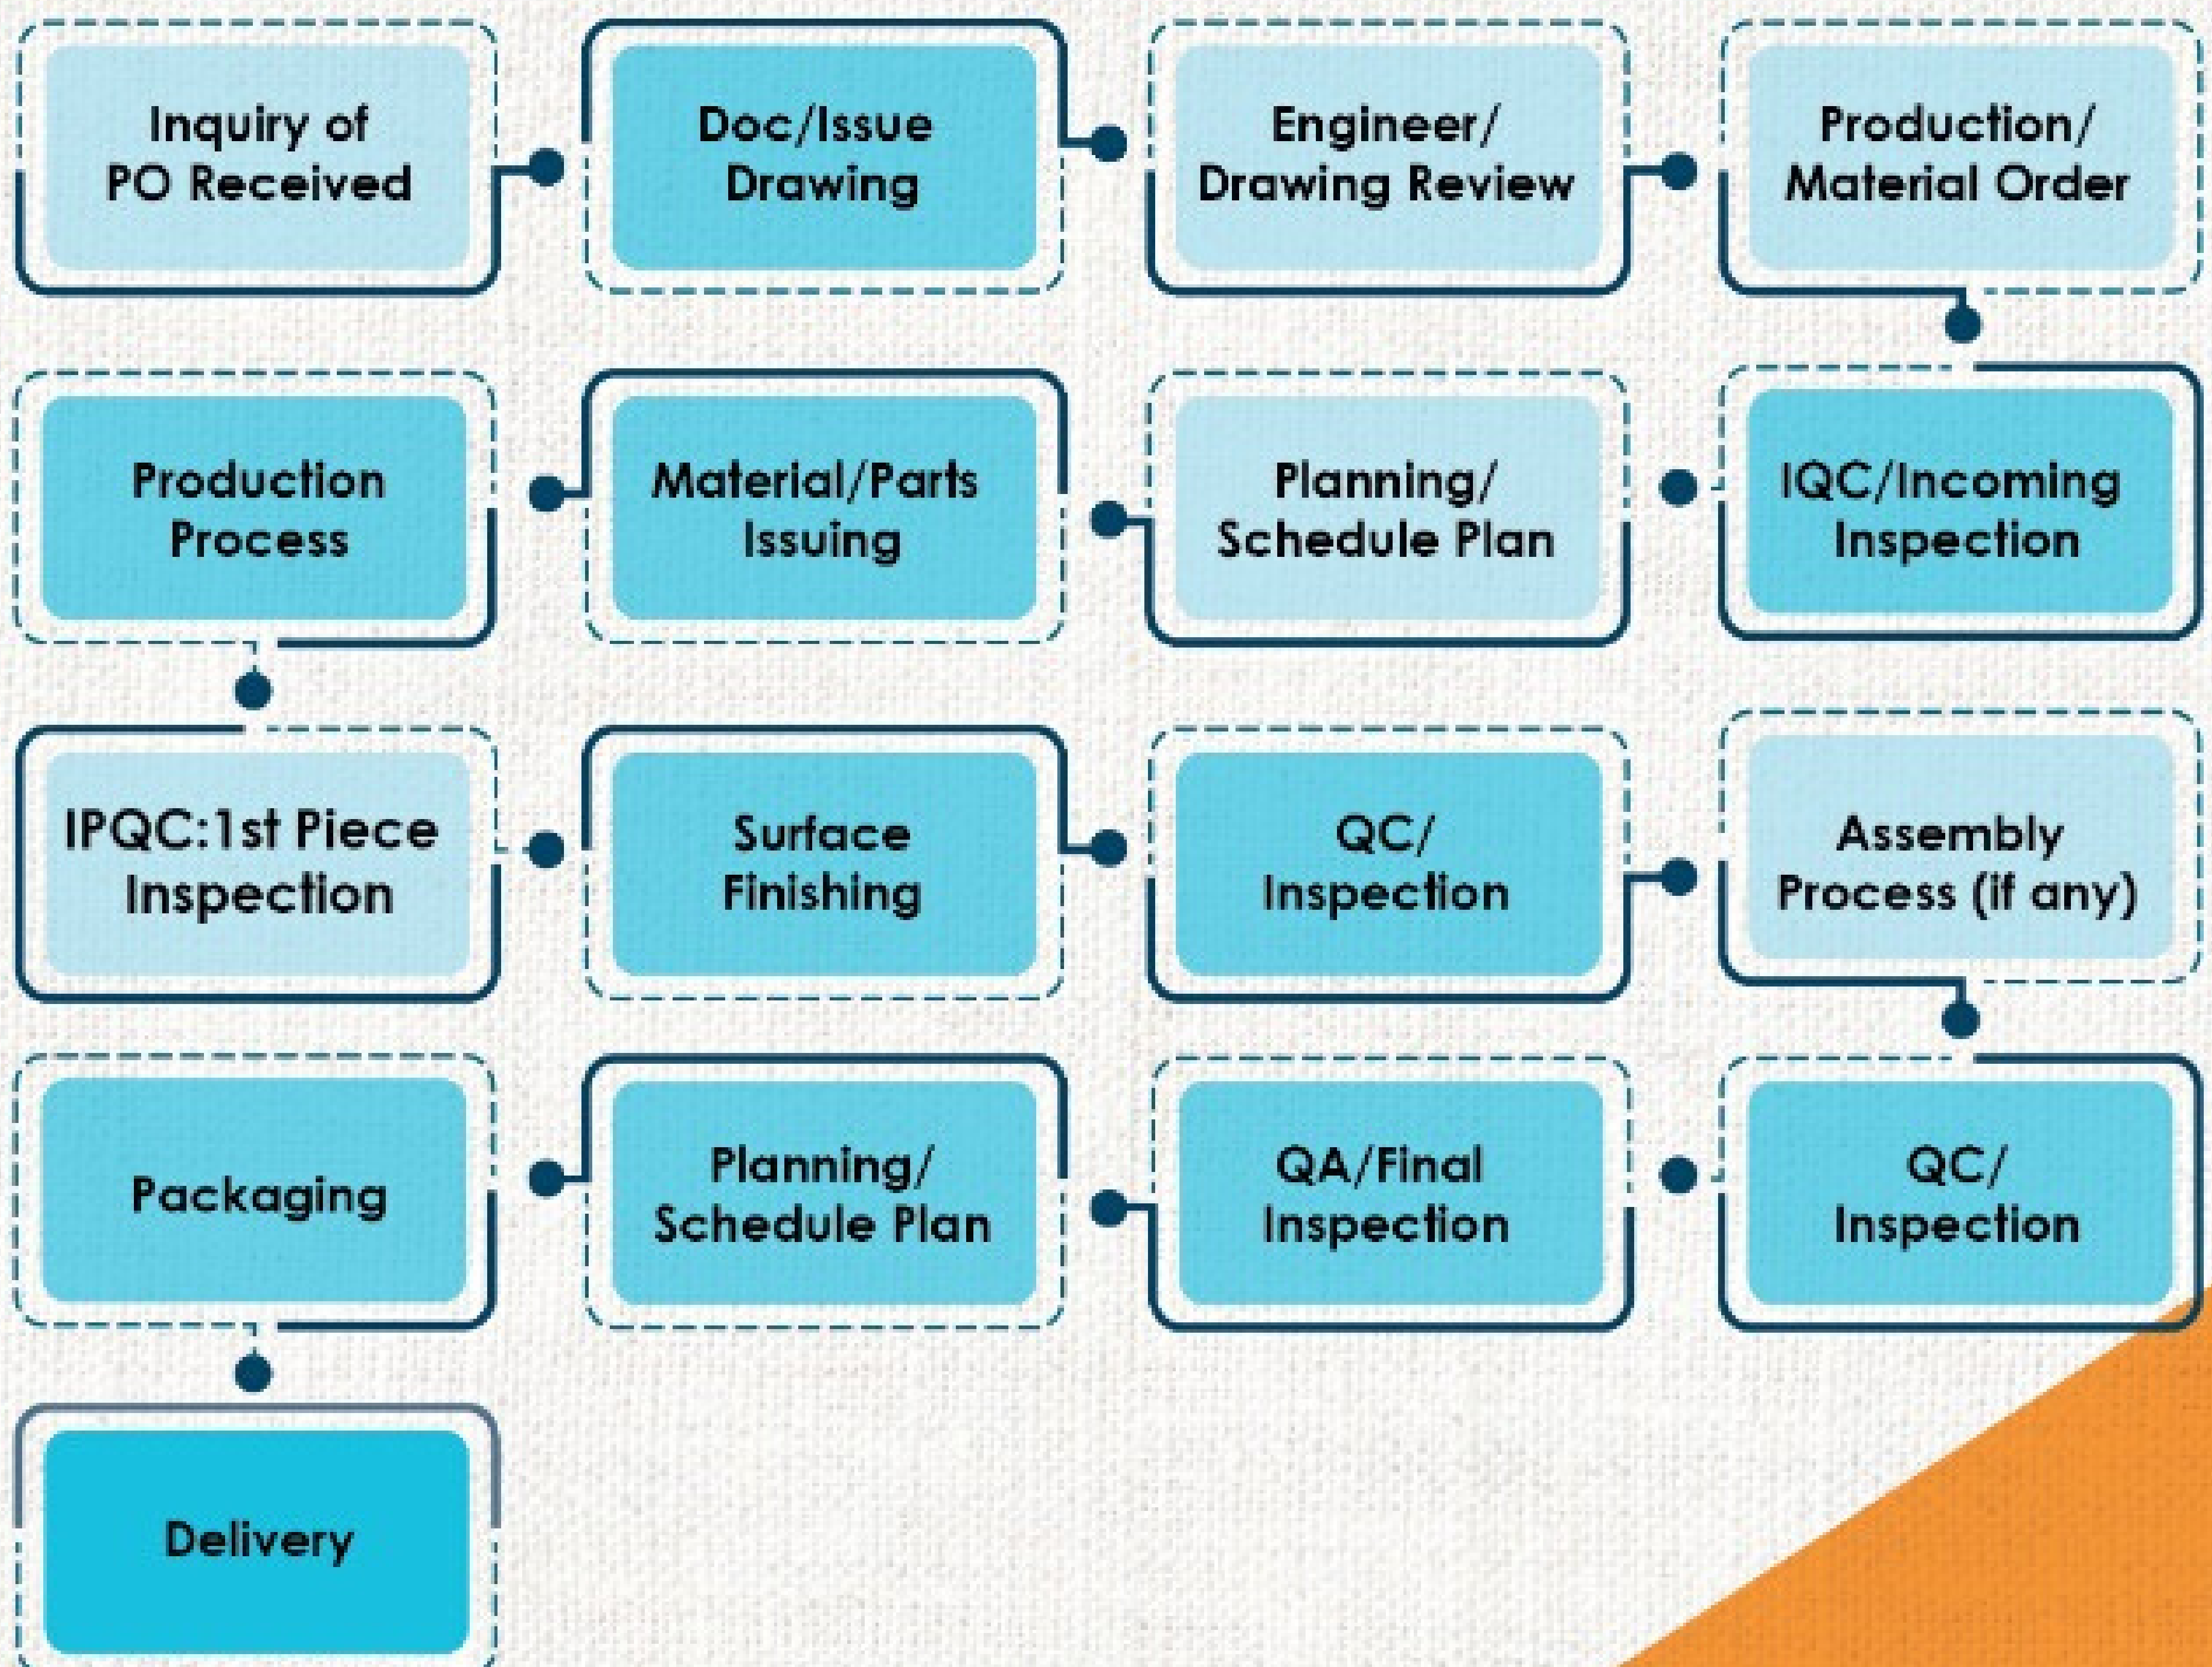

We can work with all types of materials, including: Cast Iron, Mild Steel, Stainless Steel Alloys, Aluminium, Titanium, Super Duplex, Brass, Copper, Nickel Alloys, plus a wide range of Engineering Plastics.

DESCRIPTION	ACCURACY / CAPACITY
<b>PRECISION GRINDING</b>	
Slot Size	0.25mm
Pitching	0.005mm
Outer Size	0.003mm
Surface Finish	<0.005mm
<b>CNC MILLING AND TURNING</b>	
Hole to hole pitch	0.01mm
Finish overall size	0.05mm
Inner diameter reaming	0.01mm
Surface finish	0.02~0.03mm
<b>CNC WIRE CUT</b>	0.003mm
